### **Supervisor Report: Legal Items**

FreePoint Solar, LLC. et al. v. Town of Athens Zoning Board of Appeals. Appellate Division, Third Dept.-Case/Docket No.:CV-24-0711.

Special Counsel Dreyer Boyajian (John Dowd, Esq., Of Counsel) will be drafting and applying to the Appellate Division asking them to refer the FreePoint Solar decision to the Court of Appeals for their review and deliberation. The Town does not have a right to appeal this decision to the Court of Appeals, like FreePoint had when they appealed the Supreme Court Decision to the Appellate Division. However, the Town does have the right to make an application for an appeal to the Court of Appeals, and if it is granted, the FreePoint application will be stayed, and the Court of Appeals will hear the case. If the application is not granted, the Appellate Division decision stands and FreePoint Solar will have the ability to proceed to the Planning Board for Site Plan review.

Per Town Attorney McHugh the application was sent in in January, we probably will not hear anything for 90 days.

### **Supervisor Report: General Items.**

Peckham, Schoharie Turnpike odor issues. The Supervisor continues to aid in the resolution of this issue, accurately identify any & all potential causes. The last report of odors was on February 13, 2025. Peckham managers responded with information & kept us informed. Currently, Peckham has completed a process review of their West Athens liquid asphalt storage terminal. During this review, they uncovered some incompatible flows when comparing asphalt pumping equipment & tank vapor recovery units (VRUs). They will be conducting plant adjustments/improvements to adjust flows or if necessary, right-size these systems to eliminate any incompatibilities. They feel these adjustments/improvements will reduce potential nuisance odors. As our collaboration began, we acknowledged that Peckham takes all complaints seriously. However, they do not believe they have received the volume of complaints necessary to warrant fence-line monitoring of H2S currently. Further, given that most complaints are in the Flats Road area – they are not sure fence-line testing helps them there. It is always something that can be done. Constructive conversations, questions & answers are always welcomed.

Greene County Ambulance Review Study Meeting will be on Wednesday, March 12, 2025.

Hello Albert,

It was great to speak with you on the phone Wednesday regarding the New Local Law #3 2024 (8-19-2024) involving solar and the zoning board of appeals / planning board process. I know you said that you would help connect me with the planning board and zoning board of appeals by forwarding this email to them - I really appreciate it.

To catch them up, I work for a renewable energy development company who is speaking to a landowner in the town of Athens. We started speaking prior to the 8-19-2024 laws were enacted.

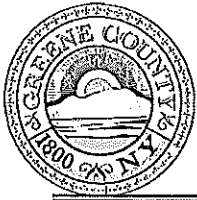

Most of the new regulations are quite detailed yet understandable and we of course want to follow them as much as possible. However, there are a few newer regulations that directly affect the current layout and feasibility of the project. Specifically, they are as follows:

- 180-52 E (2)(a) The facility area shall not exceed a maximum size of 50 acres
- 180-14 B (3)(a) Lot coverage for nonfarm uses in the Ag. There shall be a maximum lot coverage of 25% and a maximum building coverage of 10% for all nonfarm uses on the lot.
- 180-14 B(7) All nonfarm, nonresidential uses approved pursuant to a special use permit, site plan approval or subdivision approval shall preserve 50% of the parent parcel as permanently preserved open space. Such open space shall be protected from further development by a deed restriction.
- 180-52 E(10) Tree clearing. The clearing of all native, noninvasive trees and woods shall be minimized to the maximum extent practical. In no case is the clearing of all native, noninvasive trees of an area larger than five acres permitted. In addressing the requirements of this section, the Planning Board, in its discretion, may require an evaluation of existing mature trees prepared by a qualified arborist or other professional, with associated expenses borne solely by the applicant.

I want to firstly confirm that I am reading and understanding these correctly, specifically that 180-14 B(7) and 180-14 B (3) include solar in what they refer as lot coverage of a parcel.

How far along in the development process should we be to come before the planning board and the zoning board of appeals with our proposed project?

Additionally, I wanted to get a temperature read on if the planning board or zoning board of appeals would potentially be willing to accept any modifications to these local laws for a specific solar project that began siting prior to the laws -or not at all whatsoever. We want to gain more clarity on these laws and the likelihood of these laws going through the zoning board of appeals before we move forward as to not waste our or your time in the planning board process. Realistically, with the acreage of the parcel from the landowner we are speaking to, and the voltage of the line we plan to connect to, we will not be able to connect with only 50 maximum acres of solar and maximum 25% lot coverage. We of course want to work closely with the town of Athens throughout the entire potential development of this project, if it is possible, so we appreciate any information you can provide on this matter.

## Resolution No. 11-25

### **Setting Public Hearing On Local Law Introductory Number 1 Of 2025 (A Local Law Amending Local Law Number 1 Of 2023 Relating To Providing Real Property Tax Exemptions Provided For Volunteer Firefighters And Ambulance Workers In Accordance With Sections 466-a And 466-l Of The Real Property Tax Law)**

WHEREAS, the purpose of Local Law Introductory Number 1 of 2025 is to amend Local Law Number 1 of 2023 relating to providing real property tax exemptions provided for volunteer firefighters and volunteer ambulance workers in accordance with Sections 466-a and 466-l of the Real Property Tax Law; and

WHEREAS, Section 466-l has been added to the Real Property Tax Law and extends the exemption allowable under Real Property Tax Law Section 466-a to those resident volunteer firefighters or volunteer ambulance workers who provide service to a neighboring city, village, town, county or school district; and

WHEREAS, pursuant to Section 20 of the Municipal Home Rule Law, a public hearing is required to be held concerning Local Law Introductory Number 1 of 2025, A Local Law amending Local Law Number 1 of 2023 as described above;

NOW, THEREFORE, BE IT RESOLVED, that said Local Law Introductory Number 1 of 2025 is hereby submitted to the Greene County Legislature and is hereby postponed, pending the holding of a public hearing hereon, to the next regular meeting of this Legislature; and be it further

RESOLVED, that the Clerk of the Legislature be directed to cause a legal notice of said public hearing to be published in the official newspaper within ten (10) days of adoption of this resolution and at least five (5) days prior to the date of said hearing and to be posted in an appropriate location; and be it further

RESOLVED, that said public hearing shall be held in the 4<sup>th</sup> floor Legislative Chambers, Greene County Office Building, 411 Main Street, Catskill, New York 12414 on Wednesday, February 19<sup>th</sup>, 2025 at 6:25 p.m.
